SUMMER
2024

Hello Summer!

Get your sunblock and sunglasses out! Summer is Here! For the month of June our Yellow Room friends will be focusing on different types of occupations, transportation vehicles and learning all about construction. We will also be busy camping and making a special gift for Father's Day.

July is our Endless Summer and during this month we will be focusing on Beach Days, Summer Treats, the ocean and pirates.

For last month of the summer we will be using our incredible imagination to create our very own circus, Wild West theme, robots and dinosaurs. Keep an eye out for our creations and props for this imaginary month of August!
