

Orange Room News

Ms. Iris and Ms. Alysa
July Newsletter 2024

This month at school

Welcome to Orange Room! This month's theme is Endless Summer!

For the first week of July (July 1st-July 5th), we will be closed for summer break.

For the second week of July, we will be learning all about summer treats and picnics. The letter of the week will be "Oo", and our sight word will be "day". For literacy, children will be writing a list of food they would want to take on a picnic. For math, we will be making different shapes using popsicle sticks. For science, we will be making fresh squeezed lemonade and sundaes. For art, we will be making popsicles using tissue paper and popsicle sticks. Our water table will be filled with popsicle sticks, ice cream cones, and fake food.

For the third week of July, we will learn all about the beach and the fun activities we can do when visiting the beach. For literacy, we will work on compound words, rhyming words, and sight words. For math, we will work on counting summer beach items, seashell measuring with a ruler, and we will work on creating a graph as a group. For science, we will make sand play dough, study different types of shells, create a diagram of a shell, do a bubble experiment, and make a beach sensory bottle. For art, kiddos will paint a seashell shape, make a swimsuit/trunks craft, and a sandcastle craft.

For the fourth week of July, we will be learning all about the ocean and its animals. The letter of the week will be "Qq", and our sight word will be "love". For literacy, children will be writing the different names of whales. For math, we will be using seashells to help with different math problems. For science, we will be experimenting to see how sharks float in water. For art, we will be making a watercolor turtle using a coffee filter. Our water table will be filled with ocean animals, sand, and seashells.

For the fifth week of July, we will learn all about the pirates, and their adventures. For literacy, we will play the pirate category game, pirate sight word bingo, and we will talk like a pirate by naming several "Ar" words. For math, we will be learning about coins and their worth, we will also play the pirate matching memory game. For science, we will create a treasure map, experiment with dirty penny coins using vinegar and baking soda and fizzing hidden treasure with frozen baking soda ice cubes that have treasure inside. The kiddos will use a dropper filled with vinegar to melt the baking soda ice cubes to find the hidden treasure.

Upcoming Events
