

# Orange Room News

Ms. Iris and Ms. Alysa  
February Newsletter 2025

Welcome to Orange Room! This month's theme is healthy hearts!

For the first week of February, we will be learning all about Black History. The sight word is "out", and our letter of the week is "Ss". For literacy, we will be writing the names of Black people in history. For math, we will be working on our symmetry by drawing the other side of Martin Luther King Jr's face. For science, we will be sorting our diversity beans by color. For art, we will be creating a traffic light by cutting pieces of paper. Our water table will be filled with beans, cups, and toilet paper rolls.

For the second week of February, we will be doing all things Valentine's Day. The sight word is "love", and our letter of the week will be "Tt". For literacy, children will be walking the room to identify and write the different Valentines words hanging around the classroom. For math, children will be counting the number of candy hearts in their jar and identifying the correct number. For science, children will be melting hearts that are frozen in ice and making Valentine's Day slime. For art, children will be making coffee filter hearts, using watercolor. Our sensory table will be filled with colorful rice, cups, and hearts.

For the third week of February, the theme is nutrition, and the letter of this week is letter Uu. This week we will learn all about the healthy and unhealthy food and talking about the types of food that are important to eat. For literacy, we will work on beginning letter sounds related to groceries, writing a list of groceries, and writing a journal about our favorite fruits and vegetables. For math, we will work on graphing, and work on food group sorting. For science, we will explore seeds from apples, bell peppers, and apricots, we will also experiment with milk and food coloring and create my plate mini book. For art, we will be painting a broccoli and creating a carrot craft.

On the fourth week of February, the theme this week is all about medical workers, veterinarians, dentists, and scientist. The letter of this week is letter Vv. We will be learning what each medical worker's profession consists of and the tools they use in the hospital. For literacy, we will work on writing dental health words, labeling the ambulance, and we will write parts of a microscope. For math, we will work on counting and graphing. For art, we will be creating a first aid kit and learning what materials are important to have inside the first aid kit. We will also paint an ambulance, and a tooth. For science, we will study specimens using a microscope and make toothpaste.
